US Special Operations Command
MacDill Air Force Base
JoAnne Knox

Dear JoAnne,

Good news is hard to come by these days, but because of you and your team at USSOCOM good news is everywhere at Metropolitan Ministries. Hundreds of people get a second chance and find new life here because of you.

"We had no where else to turn. Thank you for making it possible for our family to survive this very difficult time in our lives." ~a grateful family

We were so thrilled and overwhelmed with your Feds Feed Families gift of 2500 pounds of food and toiletries. You filled 25 barrels with life giving foods and made a tremendous difference in our dwindling summer inventory. You are part of a community that cares about others. You have served those in need as faithfully as you have served our country. We know that even when it means personal sacrifice, you continue to give. And that spells hope and new life for many grateful people coming through our doors.

Together in Service,

Angie Pattison
Manager of Community Donations
