NATO Training Mission – Afghanistan
Combined Security Transition Command - Afghanistan
NATO Air Training Command - Afghanistan (NATC-A)
DCOM-Air Pentagon Press Corps Briefing

21 Dec 10

UNCLASSIFIED//REL TO NATO/ISAF

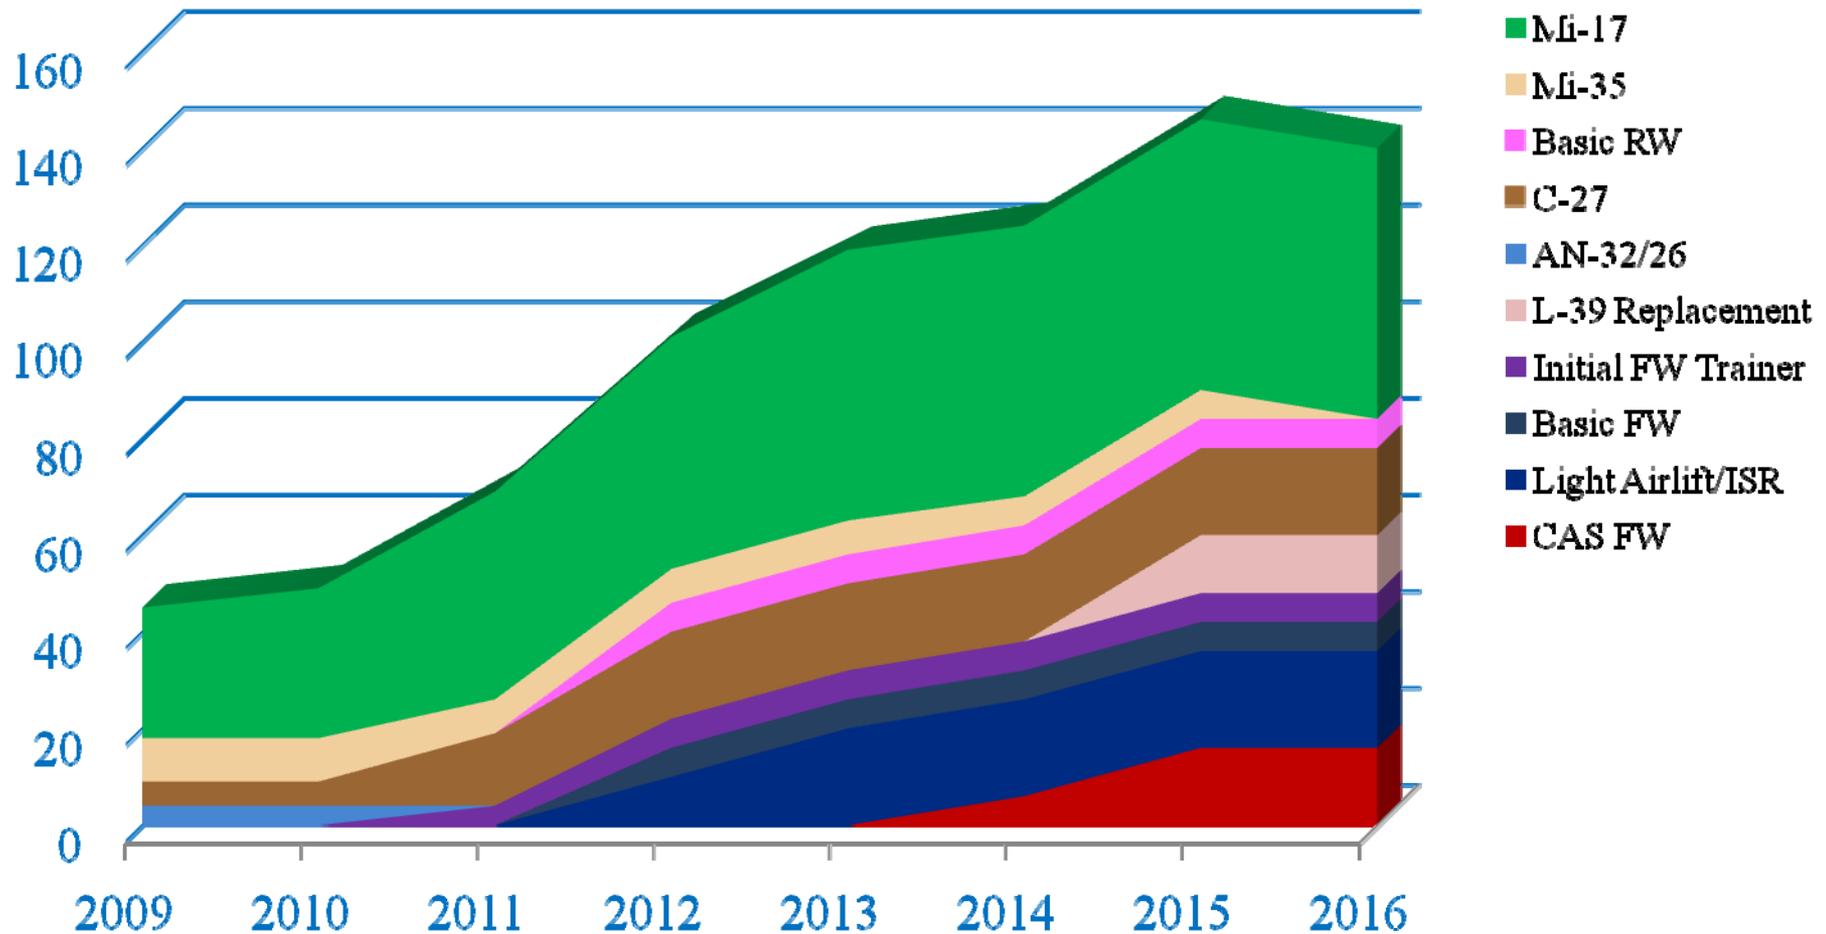

Afghan Air Force (AAF)

The Afghan Air Force mission is to provide trained and ready airmen and soldiers to execute critical tasks from the air in support of the Afghan National Army and when directed by the Ministry of Defense and General Staff, to support by air the civil authorities of Afghanistan at all levels

NATO Air Training Command – Afghanistan (NATC-A)

Set the conditions for a professional, fully independent and operationally capable Afghan Air Force that meets the security requirements of Afghanistan today ... and tomorrow
