NDW: CFC Command of the Week

Captain Scott Adams, NDW's CoS, listens to a local charity speak on the importance of CFC.

Naval District Washington kicked off their CFC season with a charity fair and bake sale at the Navy Yard on 28 October 2015. The event was attended by NDW's military and civilian personnel. Employees participated in a free sporting challenge of corn hole while they learn about the importance of giving to CFC from NDW's Campaign Managers Chief James and LT David Allen. Local charity Global Impact was randomly selected to attend the Charity fair and provided a visual reminder of the great organizations that CFC supports. The bake sale generated over \$236 in contributions towards NDW's combined CFC goal of \$55,900.

Ms. Sonya Coley, Key Worker for Navy Research Laboratory (NRL) Code 5590, is a truly dedicated member of the local and global community! As an employee of the NRL, she has selflessly volunteered her efforts to support the Combined Federal Campaign since she started with the installation 4 years ago. During her time as a Keyworker, she has been instrumental to the creative work efforts in finding unique and creative ways to create awareness for CFC. For example, she paved the way for NRL to conduct a doughnut fundraising initiative that expanded initially from one division into an effort that reached the entire installation! This year's doughnut fundraising effort resulted in \$565 raised to support CFC charities! Aside from her creativity, she has been dedicated to the charitable cause, spreading the word and supporting events on the installation without question. Last week, she coordinated a Chili Cook Off in support of the Combined Federal Campaign for the 2015 season!
