Executive Summary

This Demographics Report, which was prepared for the U.S. Department of Defense (DoD), presents a synthesis of demographic information describing members and families in the military community in fiscal year 2014.¹ Active Duty Service branches include DoD's Army, Navy, Marine Corps, and Air Force; and the Reserve components include DoD's Army National Guard, Army Reserve, Navy Reserve, Marine Corps Reserve, Air National Guard and Air Force Reserve, and DHS's Coast Guard Reserve.

Overview of Military Personnel

The total number of military personnel is over 3.5 million strong, including DoD Active Duty military personnel (1,326,273); DHS's Active Duty Coast Guard members (39,454); DoD Ready Reserve and DHS Coast Guard Reserve members (1,101,939); members of the Retired Reserve (214,784) and Standby Reserve (13,700); and DoD appropriated and non-appropriated fund civilian personnel (856,484). DoD's Active Duty and DHS's Coast Guard Active Duty members comprise the largest portion of the military force (38.4%), followed by Ready Reserve members (31.0%) and DoD civilian personnel (24.1%).

Active Duty Member Highlights

Service Branches. The Army has the largest number of Active Duty members (504,330) followed by the Navy (321,599), the Air Force (312,453), and the Marine Corps (187,891). At a total of 1,326,273 DoD Active Duty members, the military force of 2014 is 11.9 percent smaller than it was in 1995 (when there were 1,505,283 Active Duty members). The percentage change in the number of Active Duty members varies by Service branch. Compared to 1995, the Marine Corps has increased 7.6 percent. Conversely, the number of Active Duty members is lower in 2014 compared to 1995 for the Army (-0.1%), Air Force (-21.2%), and Navy (-25.1%).

Ratio of Ranks. The DoD Active Duty force has 4.6 enlisted personnel for every one officer. In comparison, the Air Force has one officer for every 4.0 enlisted personnel, the Army has one officer for every 4.2 enlisted personnel, the Navy has one officer for every 4.9 enlisted personnel, and the Marine Corps has one officer for every 8.0 enlisted personnel.

Gender. Women, who number 200,692, comprise 15.1 percent of the DoD Active Duty force, while 1,125,581 men comprise 84.9 percent of the DoD Active Duty force. Compared to 2000, both the percentage of Active Duty enlisted members and the percentage of Active Duty officers who are women has increased (from 14.7% and 14.4%, respectively, in 2000 to 14.8% and 16.7%, respectively, in 2014). Overall, the number and ratio of female enlisted members (161,415) to female officers (39,277) is 4.1 female enlisted members for every one female officer, while the number and ratio of male enlisted members (929,524) to male officers (196,057) is 4.7 male enlisted members for every one male officer.

Race/Ethnicity. Less than one-third (31.2%) or 412,070 of Active Duty members identify themselves as a minority (i.e., Black or African American, Asian, American Indian or Alaska Native, Native Hawaiian or Other Pacific Islander, Multi-racial, or Other/Unknown). The percentage of Active Duty members who identify themselves as a minority is greater in 2014 than it was in 1995 (from 28.2% of enlisted members and 10.5% of officers in 1995, to 32.9% of enlisted members and 22.5% of officers in 2014). The overall ratio of minority enlisted personnel (359,056) to minority officers (53,014) is 6.8 minority enlisted personnel for every one minority officer. To conform to the latest Office of Management and Budget

¹ Where available, the Demographics Report also provides data for fiscal years 1995, 2000, 2005, 2010, 2011, 2012, 2013, and 2014 to denote trends.

(OMB) directives, Hispanic is not considered a minority race designation and is analyzed separately as an ethnicity. Overall, 12.0 percent of the DoD Active Duty force is of Hispanic ethnicity.

Geographic Location. While the Active Duty population is located throughout the world, the three primary areas in which Active Duty members are assigned are the United States and its territories (87.1%), East Asia (6.7%), and Europe (5.1%). The ten states with the highest Active Duty military populations are California (155,051), Virginia (122,884), Texas (117,623), North Carolina (100,867), Georgia (69,322), Florida (60,095), Washington (57,926), Hawaii (49,519), Colorado (37,713), and South Carolina (36,670). Active Duty members in these ten states comprise 70.3 percent of the personnel stationed in the United States.

Age. Nearly one-half (49.6%) of Active Duty enlisted personnel are 25 years of age or younger, with the next largest age group being 26 to 30 years (22.1%), followed by 31 to 35 years (14.0%), 36 to 40 years (8.8%), and those 41 years or older (5.6%). More than one-quarter (25.7%) of Active Duty officers are 41 years of age or older, with the next largest age group being 26 to 30 years (22.5%), followed by 31 to 35 years (20.7%), 36 to 40 years (17.8%), and those 25 years or younger (13.4%). Overall, the average age of the Active Duty force is 28.6 years. The average age for Active Duty officers is 34.8 years, and the average age for Active Duty enlisted personnel is 27.3 years.

Education Level. Few enlisted members (7.0%) have a Bachelor's degree or higher, while most (92.1%) have a high school diploma and/or some college experience but less than a Bachelor's degree. The majority (83.8%) of officers have a Bachelor's or higher degree. Compared to 1995, the percentage of total Active Duty members who have a Bachelor's and/or an advanced degree increased for enlisted personnel (from 3.4% in 1995 to 7.0% in 2014) but has decreased for officers (from 89.6% in 1995, to 83.8% in 2014).

Marital Status. Just over half (55.3%) of Active Duty military members are married, which is lower than the percentage that were married in 1995 (59.9%). In 2014, over half (52.1%) of enlisted members and a majority (69.9%) of officers report themselves as married. Over half (57.0%) of Active Duty males and nearly half (45.4%) of Active Duty females are married. In addition, 6.4 percent of DoD's Active Duty members are in dual-military marriages.² During the 2014 fiscal year, 3.5 percent of enlisted personnel and 1.8 percent of officers are estimated to have divorced.

Reserve and Guard (Selected Reserve) Member Highlights

Reserve Components. The data pertaining to Reserve and Guard members depict the Selected Reserve only, unless otherwise specified. The introduction to Section III (pg. 57) describes the composition of the Reserve forces of the United States, and explains why most data displays are limited to Selected Reserve personnel. The Selected Reserve Force consists of 831,992 members in seven components. The Army National Guard (354,072) and Army Reserve (195,438) have the largest number of Selected Reserve members, followed by the Air National Guard (106,380), the Air Force Reserve (69,784), the Navy Reserve (59,254), the Marine Corps Reserve (39,450), and the DHS's Coast Guard Reserve (7,614). Similar to the Active Duty force, the overall number of members in the Selected Reserve is lower in 2014 compared to 1995. The Selected Reserve force is 12.7 percent smaller than it was in 1995 (when there were 953,192 Selected Reserve members).

Introduction

This Demographics Report presents a synthesis of demographic information describing Active Duty (Army, Navy, Marine Corps, Air Force, and DHS's Coast Guard) and Reserve component (Army National Guard, Army Reserve, Navy Reserve, Marine Corps Reserve, Air National Guard, Air Force Reserve, and DHS's Coast Guard Reserve) members and their families. It serves as a reference tool for professionals who develop policy or deliver programs and services to military members and families in the Armed Forces. For previous years' reports, please visit the Military HomeFront Portal at <http://militaryhomefront.dod.mil>.

The 2014 Report

To provide a holistic profile of the military community, the 2014 Report presents demographic information for Active Duty and Reserve and Guard personnel. In addition, selected Census data are presented as a point of reference, and military demographics trends for 1995, 2000, 2005, 2010, 2011, 2012, 2013, and 2014 are included where possible.

Presentation of Information

Military member demographics and family demographics are presented separately for Active Duty and Reserve and Guard populations as follows:

- Section I: Total Military Force
- Section II: Active Duty Members
- Section III: Reserve and Guard Members
- Section IV: Total Force Families
- Section V: Active Duty Families
- Section VI: Reserve and Guard Families
- Section VII: Reference Tables
- Data Sources and References

The data contained in this publication were derived from a variety of sources and, in general, only data that are available on a consistent basis for all Services are presented. The majority of data are managed by the Defense Manpower Data Center, particularly the Active Duty Military Personnel Master File, the Active Duty Military Family File, the Reserve Components Common Personnel Data System, and the Reserve Components Family File.

All exhibits included in this report contain source citations, and the Data Sources and References section of this document provides a reference for all data sources. Readers needing additional information are encouraged to directly access the listed sources.

Guidelines for Interpreting Data

Guiding principles for interpreting data include:

- Numbers for population groups (e.g., Active Duty, enlisted members) may vary across exhibits as a result of different data sources, missing data, and/or rounding.
- Percentages may not total to 100 due to rounding or missing data.
- Warrant officers are included with officers unless otherwise noted.

In the Active Duty sections of this report, data are presented for the four DoD Service branches (Army, Navy, Marine Corps, and Air Force). Some information about the DHS's Active Duty Coast Guard is presented in the Total Military Force section of this report. In the Reserve and Guard Members section, the label "Total DoD" is used to reflect the six Reserve components under DoD (Army National Guard, Army Reserve, Navy Reserve, Marine Corps Reserve, Air National Guard, and Air Force Reserve), while "Total Selected Reserve" includes DHS's Coast Guard Reserve data in addition to data from the DoD Reserve components.

The data pertaining to Reserve and Guard members depict the Selected Reserve and the National Guard and do not include any other Ready Reserve forces (i.e., Individual Ready Reserve and Inactive National Guard) unless otherwise specified. The introduction to Section III describes the composition of the Reserve forces of the United States and explains why most data displays are limited to Selected Reserve personnel.

All data pertaining to Active Duty and Selected Reserve family members (i.e., spouses, children, and adult dependents) are extracted from the Defense Enrollment and Eligibility Reporting System (DEERS). Therefore, the data are dependent on the military members reporting the necessary information.

SECTION 1

Total Military Force

This section contains numeric data for the total military population, including Active Duty, Reserve and Guard forces, and DoD civilians.

This page is intentionally blank.

Total Military Force

1.01 ■ Military Personnel (N=3,552,634)

This pie graph presents the total number of Active Duty and Reserve and Guard members from all branches of the DoD and the DHS Coast Guard, as well as the civilian personnel who support the DoD. Overall, the total military force comprises 3,552,634 people. DoD's Active Duty members make up 37.3 percent of the total military force. Data for all DoD Active Duty members are presented in Section II.

All Reserve and Guard manpower is assigned to one of three Reserve Component categories: the Ready Reserve, the Standby Reserve, or the Retired Reserve. The Ready Reserve makes up 31.0 percent of the total military force. The Ready Reserve comprises the Selected Reserve, the Individual Ready Reserve, and the Inactive National Guard. Because Selected Reserve members train throughout the year and participate annually in Active Duty training exercises, they are the primary focus of the Reserve sections of this report. DHS's Coast Guard Reserve members are frequently called for duty; therefore, their data are included as well. Data for all Selected Reserve members are presented in Section III.

* Includes Coast Guard Reserve

** Includes Non-Appropriated Funds civilians and Appropriated Funds civilians

Note: Percentages may not total to 100 due to rounding.

1.02 ■ Active Duty and Ready Reserve Personnel (N=2,467,666)

This pie graph presents the distribution of Active Duty and Ready Reserve personnel by Service branch and Reserve component, respectively. Active Duty and Reserve and Guard members of the Army make up the largest percentage of military personnel (47.3%), followed by Active Duty and Reserve and Guard members of the Air Force (21.3%), the Navy (17.4%), the Marine Corps (12.1%), and the Coast Guard (2.0%).

Note: Percentages may not total to 100 due to rounding.

DoD Civilian Personnel

DoD civilians are divided into two primary categories. Appropriated Funds (APF) civilian employees are funded by congressional appropriations. Non-Appropriated Funds (NAF) civilian employees are not funded by congressional appropriations, but are funded by revenue-generating activities.

1.03 ■ DoD Appropriated Funds (APF) Civilians (N=731,727)

This pie graph presents the distribution of APF civilian personnel. There are 731,727 APF civilian personnel who constitute 20.6 percent of the total DoD workforce. Of the 731,727 DoD APF civilians, the largest percentage are employed by the Army (35.5%), followed by the Navy (24.0%), Air Force (23.0%), and Other DoD (14.9%). The Marine Corps (2.6%) employs the smallest percentage of APF civilians.

Note: Percentages may not total to 100 due to rounding.

1.04 ■ DoD Non-Appropriated Funds (NAF) Civilians (N=124,757)

This pie graph presents the distribution of NAF civilian personnel. There are 124,757 NAF civilians who constitute 3.5 percent of the total DoD workforce. The largest percentage are working for the Navy (25.5%), followed by the Army & Air Force Exchange Service (AAFES; 23.4%), Army (22.2%), Air Force (17.6%), and Marine Corps (10.6%). The remainder (0.6%) work within other areas of DoD.

* Includes Defense Logistics Agency.

2.64 ■ Estimated Number and Percentage of Enlisted Member and Officer Divorces by Service Branch

This table presents the number of estimated divorces of enlisted members and officers by Service branch. The DoD collects information on marital status from year to year. The number of members who divorced in the past year is estimated by comparing the number of people who indicated that they were married in 2013, but no longer indicate a status of married in 2014. As such, the number of members divorced displayed is a count of the members who became divorced 2014, not a count of all military members who are divorced. The percentages are calculated by taking the count and dividing it by the number of people that were married in 2013.

SECTION 3

Reserve and Guard Members

This section contains numeric data on the Reserve and Guard population, including the DoD Reserve and Guard components as well as the DHS Coast Guard Reserve. All Reserve and Guard manpower is assigned to one of three Reserve component categories: the Ready Reserve, the Standby Reserve, and the Retired Reserve. The first few exhibits in this section present information on Ready Reserve personnel. The Ready Reserve comprises the Selected Reserve, the Individual Ready Reserve, and the Inactive National Guard. Because Selected Reserve members train throughout the year and participate annually in Active Duty training exercises, the rest of the exhibits in this section are focused on the Selected Reserve. The specific characteristics of the Selected Reserve components addressed in this section include gender, race/ethnicity, geographic location, age, education level, marital status, and retirements and losses.

3.68 ■ Estimated Number and Percentage of Selected Reserve Enlisted Members and Officers who Divorced by Reserve Component

This table presents the number and percentage of Selected Reserve enlisted personnel and officers who divorced in 2014 by Reserve component. The DoD collects information on marital status year to year. The number of members who divorced in the past year is estimated by comparing the number of people who indicated that they were married in 2013, but no longer indicate a status of married in 2014. Consequently, the number of members who divorced in the past year displayed are a count of divorces that occurred in 2014, not a count of all military members who are divorced. The percentages are calculated by taking the count and dividing it by the number of people that were married in 2013.

2014 Basic Monthly Pay

This table presents the basic monthly pay for Service members in 2014, which is determined based upon pay grade and cumulative years of service. Pay grades are administrative classifications used primarily to standardize compensation across the military services. The “E” in E1 stands for “enlisted” while the “1” indicates the pay grade for that position. The other pay categories are “W” for warrant officers and “O” for commissioned officers. Basic monthly pay for 2014 is rounded to the nearest dollar (e.g., \$2905.20 is rounded to \$2,905 and \$2,839.80 is rounded to \$2,840). If no dollar amount is listed, then a dollar figure is not established for that category.

2014 Drill Pay for Officers

This table presents the 2014 drill pay for officers. Drill pay is the amount Reservists are reimbursed for training. One drill is at least three hours of training, and four drills normally represent one weekend of training (equaling 8 hours on Saturday and 8 hours on Sunday). If no dollar amount is listed, then a dollar figure is not established for that category. When an officer from a Reserve component is called for Active Duty, the Service member is salaried for his/her equivalent pay grade at the Basic Monthly Pay amount.

2014 Drill Pay for Enlisted Members

This table presents the 2014 drill pay for enlisted members. Drill pay is the amount Reservists are reimbursed for training. One drill is at least three hours of training, and four drills normally represent one weekend of training (equaling 8 hours on Saturday and 8 hours on Sunday). If no dollar amount is listed, then a dollar figure is not established for that category. When an enlisted Reservist is called for Active Duty, the Service member is salaried for his/her equivalent pay grade at the Basic Monthly Pay amount.

2015 Drill Pay for Enlisted Members

This table presents the 2015 drill pay for enlisted members. Drill pay is the amount Reservists are reimbursed for training. One drill is at least three hours of training, and four drills normally represent one weekend of training (equaling 8 hours on Saturday and 8 hours on Sunday). If no dollar amount is listed, then a dollar figure is not established for that category. When an enlisted Reservist is called for Active Duty, the Service member is salaried for his/her equivalent pay grade at the Basic Monthly Pay amount.

United States Installation Population by State

This table presents United States military bases organized by state. For each base, the zip code, nearest metro city, miles to nearest metro city, and total number of sponsors, dependents, and personnel are presented. The data in this table are based on the "duty locations" of the Sponsor only. There are instances where sponsors and dependents are co-located, but dependents may not be located at these installations.
